

AAKASH KANDEL

Odoo Developer | Software Engineer | Full-Stack Developer

Devchuli-12, Nawalpur, Nepal | +977 9867491591 | Aakashkandel9805@gmail.com
aakashkandel.com.np | github.com/Aakashkandel | linkedin.com/in/aakash-kandel

PROFESSIONAL SUMMARY

Odoo Developer and Software Engineer with over one year of professional experience delivering full-stack Odoo solutions across both the frontend (OWL, React) and backend (Python, Odoo ORM). Progressed from a three-month internship to a permanent Associate Software Engineer role through strong delivery. Skilled in building custom Odoo modules, REST API and FastAPI integrations, and modern, responsive interfaces, with additional full-stack experience in Node.js and Laravel.

TECHNICAL SKILLS

Odoo Development: Odoo ERP, Full-Stack Odoo (Frontend & Backend), OWL (Odoo Web Library), QWeb/XML Templates, Custom Modules, Odoo ORM, REST API & XML-RPC Integration

Programming Languages: Python, JavaScript, PHP

Backend & Frameworks: FastAPI, Laravel, Node.js, Express.js, RESTful APIs

Frontend: React, MERN Stack, HTML5, CSS3, Tailwind CSS, Bootstrap

Databases: PostgreSQL, MySQL, MongoDB

Tools & Practices: Git, GitHub, API Integration, Backend & Frontend Development

PROFESSIONAL EXPERIENCE

Associate Software Engineer Mar 2025 – Present

Semantic TechnologyNaxal, Kathmandu, Nepal

- Promoted from Software Engineering Intern to Associate Software Engineer within three months based on strong performance and delivery.
- Developed React-based frontend interfaces integrated with Odoo REST APIs to deliver responsive, modern user experiences.
- Designed and built custom Odoo backend modules (Python, Odoo ORM) and managed customer portal and in-system project creation to support core business workflows.

PROJECTS

Odoo × FastAPI Integration — Odoo, FastAPI, Python, XML-RPC

- Built an integration layer connecting Odoo ERP with external services through FastAPI, exposing and syncing data over clean REST endpoints.
- Implemented XML-RPC and Python-based data exchange for reliable, real-time communication between Odoo and third-party systems.

Health Consultation Software — Odoo, React, Zoom SDK

github.com/Aakashkandel/shuravi-old

- Built a telemedicine platform on Odoo, integrating the Zoom SDK for live doctor-patient video consultations.
- Developed React interfaces powered by Odoo APIs for registration, consultation forms, and appointment management, with all data centralized in custom Odoo backend modules.

EDUCATION

Bachelor in Computer Application (BCA) Apr 2021 – Apr 2026

Lumbini ICT CampusGaidakot-4, Nawalpur

- Coursework focused on web development, programming, databases, and software engineering.

Higher Secondary Education (+2), Science 2019 – 2020

Gaidakot Namuna Secondary SchoolGaidakot-4, Nawalpur

LANGUAGES

English, Nepali, Hindi
